

## St Clair County Health Department Internal Survey for Perceptions of Vaccination

Please answer the following questions honestly and quickly (the first thought that comes to your head). The purpose is to assess the baseline attitudes of SCCHD employee's about immunizations. This is not a test nor will it impact your employment or evaluation in any way. In as much as we will look at trends among divisions, no one will be "singled" out if they respond negatively or positively. We really need this information, so please take a minute to fill it out and send back to me. Thank you! Dr. Mercatante

Please select one answer for each question below:

How long have you worked for SCCHD? >20 yrs\_\_\_\_\_, 10-19 yrs\_\_\_\_\_,
